

REPLACEMENT FORKS AND BARS

From shaft mounted pallet forks to ITA forks, we can replace any style of fork. Star Industries forks are forged from one piece of steel, then heat treated for increased strength and resistance to bending.

- ➔ Any fork style, any size
- ➔ All at low prices
- ➔ Built tough to last the distance

6 REASONS STAR FORKS ARE BETTER

- 1 **Local manufacturing.**
All forks are manufactured in North America and only from high-grade certified materials.
- 2 **No shortcuts.**
All forks are forged from a single piece of steel, then fully heat-treated, quenched and tempered for a minimum yield strength of 825 Mpa.
- 3 **Certified production methods.**
Welding processes are certified in accordance with ISO 3834-2.
- 4 **Rigorous testing.**
Fork heels and welds are subjected to full MPI crack-testing on all welds and the heel area by certificated operatives.
- 5 **Full part traceability.**
Each fork is stamped with manufacturer's identification, specified capacity and load centre, week of manufacture and production works order number.
- 6 **Standards-compliance.**
All forks are guaranteed to meet or exceed the requirements of the national and (such as ISO2328 and ISO2330 and ANSI ITSDf B56.11.4) with regards to mounting details, load-, fatigue- and impact-tests.
